Ms. Marlene H. Dortch  
Office of the Secretary  
Federal Communications Commission

Washington, D.C. 20554

**RE: WC Docket No. 14-58**

Pursuant to Section 54.313 and 54.422 of the Federal Communications Commission's rules enclosed is the 2015 annual report and certifications for Windstream **Study Area Code 351167 located in Iowa**. A copy of this report is also being filed with the Universal Service Administration Company (USAC), relevant state public service commissions, and tribal governments.

This filing contains a redacted (200) Service Outage Reporting (Voice) form. The information that was redacted is considered Confidential by the FCC and would cause Windstream to reveal proprietary information and trade secrets and cause damage to its competitive position.

Also redacted is form (330) Unfulfilled Broadband Service Requests. Windstream does not make this information available to the public in the format required by this report. Release of this data would be detrimental to Windstream as it would provide other broadband providers servicing these areas a competitive advantage.

Should you have any questions, please contact me via email at [jeff.l.heacox@windstream.com](mailto:jeff.l.heacox@windstream.com) or by phone at 501-748-5390.

Sincerely,

/s/ Jeff Heacox

Line 510-Description of Compliance with Service Quality Standards and Consumer Protection:

**Voice Certification:**

Windstream certifies that we comply with applicable service quality standards and consumer protection rules as required by the state regulatory commission and the Federal Communications Commission.

1. Service quality metrics are monitored and reviewed each month
2. Windstream is founded on integrity. All employees are required to complete a course on integrity each year.
3. Windstream employees have at their disposal our People Practices Overview Course which is a general overview of the guidelines that govern all Windstream employees.
4. Windstream's Customer Proprietary Network Information (CPNI) training manual documents when personnel are, and are not, authorized to use CPNI. This Manual constitutes Windstream's policies and procedures related to CPNI. All employees are required to follow the policies and procedures specified in this manual.
5. Windstream IT has in place numerous measures to insure the integrity of the network and the customer data that resides on the network. The network is monitored 24/7 and periodic reviews of the security processes are performed.
6. Windstream makes every attempt to achieve one-call resolution on customer invoice issues.
7. Windstream has developed a program to help spot the Red Flags of identity theft, which is consistent with the FTC's guidelines, and has procedures in place to mitigate the potential damage of identity theft.
8. Windstream has implemented our Customer Account Protection Plan (CAPP) to provide increased security against unauthorized changes (cramming) to customer accounts. This plan requires third-party carriers to have a customers Passcode to change the customer's service or access the customers account information.

Line 510-Continued:

**Broadband Certifications**

Windstream certifies that it complies with applicable service quality standards, if any, and consumer protection rules as required by the state regulatory commission and the Federal Communications Commission.

Specifically:

1. All Windstream employees are required to complete a security awareness training every year.
2. Windstream's Customer Proprietary Network Information (CPNI) training manual documents when personnel are, and are not, authorized to use CPNI. This Manual constitutes Windstream's policies and procedures related to CPNI. All employees are required to follow the policies and procedures specified in this manual.
3. Windstream IT has in place numerous measures to insure the integrity of the network and the customer data that resides on the network. The network is monitored 24/7 and periodic reviews of the security processes are performed.
4. Windstream has developed a program to help spot the Red Flags of identity theft, which is consistent with the FTC's guidelines, and has procedures in place to mitigate the potential damage of identity theft.

## **Line 610 – Description of Functionality in Emergency Situations**

### **Voice:**

Windstream certifies that it is compliant with applicable rules on service provision in emergency situations. Windstream central offices are designed to withstand limited commercial power failures through the use of emergency batteries supplemented by on site or portable generators. Windstream personnel perform routine maintenance on this essential equipment based on the manufacturer's service recommendations and Windstream service practices. The backup batteries are load tested routinely and the on site generators are tested monthly.

Windstream's network is engineered to handle traffic spikes that can occur as the result of emergency situations. The network is monitored 24/7 by our Network Operations Center ensuring quick response whenever and where ever it is needed. Network redundancy is built into our network where ever possible to ensure alternate routing is available when necessary.

### **Broadband:**

Sac and Fox Tribe of the Mississippi in Iowa  
Chair Judith Bender  
349 Meskwaki Rd.  
Tama, IA 32339

**Request for Meeting to Discuss Telecommunications Facilities and Needs Assessment on Tribal Land as required by the Federal Communications Commission**

Dear Chair Judith Bender:

The Federal Communications Commission ("FCC") recently issued an Order requiring telephone companies to reach out to Tribal governments in their service areas to discuss tribal communication needs including the following: a needs assessment, deployment planning with a focus on tribal community anchor institutions, feasibility and sustainability planning, marketing services to the tribal community, rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes, and Compliance with tribal business and licensing requirements.

In addition, the FCC's Office of Native Affairs and Policy ("ONAP") issued a Public Notice on July 19, 2012 providing additional guidance regarding the engagement with tribal governments stating:

This guidance is intended to "lead to a common understanding between Tribal governments and communications providers receiving USF support, on the deployment and improvement of communications services on Tribal lands. The Tribal engagement obligation is intended to benefit Tribal government leaders, service providers, and consumers living on Tribal lands, ultimately providing greater connectivity to 21st century economic opportunities, education, health care, and public safety. This obligation is related to the very essence of universal service – facilitating and supporting connectivity to and from the most remote areas of our nation inures to the benefit of all. Requiring Tribal engagement is intended to begin and, in some cases, to strengthen, the dialogue between communications providers and Tribal governments. We anticipate that genuine dialogue and common understandings will ultimately lead to improvement of communications services on Tribal lands."

We would like the opportunity to schedule a time to meet with you and other tribal officials to discuss tribal communication needs, marketing opportunities to the tribal community, right of way processes, land use permitting, facilities siting, and environmental and cultural preservation. Please contact me at 501-748-6137 to schedule a meeting time.

I look forward to hearing from you and the opportunity to discuss these important issues.

Sincerely,

A handwritten signature in black ink that reads 'Charlene Grober'. The signature is fluid and cursive, with the first name 'Charlene' being more prominent than the last name 'Grober'.

**Second Request for Meeting to Discuss Telecommunications Facilities and Needs Assessment on Tribal Land as required by the Federal Communications Commission**

Dear Chair Judith Bender:

We recently contacted you, by letter, on April 1, 2014 requesting to meet with you regarding the following information.

The Federal Communications Commission ("FCC") recently issued an Order requiring telephone companies to reach out to Tribal governments in their service areas to discuss tribal communication needs including the following: a needs assessment, deployment planning with a focus on tribal community anchor institutions, feasibility and sustainability planning, marketing services to the tribal community, rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes, and Compliance with tribal business and licensing requirements.

In addition, the FCC's Office of Native Affairs and Policy ("ONAP") issued a Public Notice on July 19, 2012 providing additional guidance regarding the engagement with tribal governments stating:

This guidance is intended to "lead to a common understanding between Tribal governments and communications providers receiving USF support, on the deployment and improvement of communications services on Tribal lands. The Tribal engagement obligation is intended to benefit Tribal government leaders, service providers, and consumers living on Tribal lands, ultimately providing greater connectivity to 21st century economic opportunities, education, health care, and public safety. This obligation is related to the very essence of universal service – facilitating and supporting connectivity to and from the most remote areas of our nation inures to the benefit of all. Requiring Tribal engagement is intended to begin and, in some cases, to strengthen, the dialogue between communications providers and Tribal governments. We anticipate that genuine dialogue and common understandings will ultimately lead to improvement of communications services on Tribal lands."

We would like the opportunity to schedule a time to meet with you and other tribal officials to discuss tribal communication needs, marketing opportunities to the tribal community, right of way processes, land use permitting, facilities siting, and environmental and cultural preservation. Please contact me by December 1, 2014 at 501-748-7442 to schedule a meeting time.

I look forward to hearing from you and the opportunity to discuss these important issues.

Sincerely,

Tim Loken  
Director, Regulatory Reporting

## LIFELINE SERVICE

### Definition

- A. Lifeline Service is a retail local service offering available to qualifying low-income residential customers and is provided pursuant to the FCC Order 12-11 released on February 6, 2012.

### Discounts

- A. The following credits will apply for customers deemed eligible for Lifeline assistance:  
Monthly Credit

Federal Credit	\$9.25
State Credit to Residential Access Line	Varies by state

Residents of federally recognized tribal lands may Receive an additional reduction up to	\$25.00
---	---------

- B. The monthly discounted residential rate for qualified low-income customers may not be reduced below zero. Therefore, the credit amount defined in A. above shall not exceed the total of the subscriber line charge and the customer's normal residential local exchange service rate.

### General

- A. The Company shall offer toll blocking to all qualifying low income customers at no charge at the time such customers subscribe to Lifeline service. If the customer voluntarily elects to receive toll blocking, the service shall become part of the customer's Lifeline service and all service deposits will be waived.
- B. Lifeline program rate reductions do not apply to long distance service or any other services (i.e., Custom Calling, CLASS, construction charges, etc.) which may or may not be tarified. Customers may obtain such services, where available, at their discretion, although the Lifeline program rate reduction does not apply.
- C. Lifeline program service will not be available on a retro-active basis.

### Eligibility Requirements

- A. The Lifeline program rate reduction shall apply to one (1) telephone line per residential household, at the subscriber's principal place of residence. Service is limited to only one Service per qualified customer or household; within this section, 'household' is defined as "any individual or group of individuals who are living together at the same address as one economic unit," with an 'economic unit' defined as, "all adult individuals contributing to and sharing in the income and expenses of a household."
- B. The service must be provided in the eligible customer's name.
- C. An applicant whose household income is at or below 135% of the Federal Poverty Guidelines, or who participate in one of the following programs:
  - Medicaid
  - Food Stamps
  - Supplemental Security Income
  - Federal Public Housing Assistance
  - Low Income Home Energy Assistance Program
  - Temporary Assistance to Needy Families
  - National School Lunch's Free Lunch Program
- D. The customer must sign, under penalty of perjury, a document certifying:
  - He/she is receiving benefits from one of the programs listed in C. above.
  - Name of the program(s) from which they are receiving benefits.

That he/she will notify the company if he/she no longer participates in the program(s) named in C. preceding.

The applicant must also supply the name of the program(s) from which they are receiving benefits and provide documentation supporting participation in the program(s). That he/she will notify the company if he/she no longer participates in the program(s) named in C. preceding.

- E. Customers qualifying for Lifeline Service are offered the services or functionalities enumerated in 47 Code of Federal Regulations §54.101 (a) (1)-(8) (relating to Supported Service for Rural, Insular and High Cost Areas).
- F. The Company has certification processes in place which at the time of enrollment requires a documentation review that confirms the consumer's household eligibility. The Company will retain copies of the self-certification records of both the applicant and the Company. A Company officer will attest that these procedures are in place.
- G. The Company will annually verify the continued eligibility pursuant to the FCC Order 12-11 released on February 6, 2012.

#### Credits and Deposits

- A. The credit verification procedures available for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline program.
- B. The deposit standards used for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline Program with the exception that deposit requirements will be waived for Lifeline Service applicants who voluntarily elect to subscribe to toll blocking service.

#### Service Charges

- A. Service charges do not apply when eligible customers with existing residential service convert to Lifeline Service.
- B. A service order deposit is not applicable to customers who elect toll blocking when initiating Lifeline service.
- C. A service order charge does apply when:

At the time Lifeline Service billing is initiated, eligible residential local exchange access service customers also request additional optional calling features such as Custom Calling Features, CLASS features, etc.

Any subsequent moves or changes after the initial connection to Lifeline service are requested by the customer.

Service is established for new residential applicants (those without existing local exchange access service) eligible for Lifeline Service.

#### Payments and Disconnection of Service

- A. Lifeline service may not be disconnected for non-payment of toll charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for nonpayment of toll charges.
- B. Partial payments that are received from Lifeline customers will first be applied to local service charges and then to any outstanding toll charges.
